Vision and Mission Statement

Dellner Polymer Solutions are committed to providing its customers with quality products, delivered at the right time and which represent value for money.

Our Company Vision is:

“To be the customer’s first choice for Polymer solutions.”

Our Company Mission Statement is:

“With a strategic and market-oriented mindset, DPS will provide the customer with complete solutions for all types of applications in the area of Polymer products.

We will act in a global market and be the market leader in the technical development with qualitative and flexible solutions.”

To achieve the above vision and mission involves a culture which is defined as:

- Dellner Polymer Solutions with its subsidiaries has ambitious goals to grow, and to increase customer satisfaction. To Dellner Polymer, the means are as important as the goal.
- Our values, **Commitment** (*We try harder*), **Innovation** (*We think differently*), **Team Spirit** (*We are ONE Dellner Polymer Solutions*) and **Joy** (*We feel and share joy*) guide us in our everyday work. Our values are the cornerstones of our corporate culture. They are the compass in everything we do, guide our behaviour and interactions with our colleagues, customers, and partners. By living our values, we lead by example in how we do business and how we act.
- Key to our success and profitable growth is our entrepreneurial mindset which allows us to operate with speed, be innovative, and develop our business through our employees. This is how we continue to be a market leader and create customers for life.
 - We bring success to our customers through strong teamwork and relentless execution.
